“I ENJOY PLAYING ON JAKE KELLEN’S CD’S...GOOD VOCALS AND GOOD SONGS. WHAT MORE COULD ANYONE ASK...ENJOY!”

— LLOYD MAINES (MUSICIAN/PRODUCER)

In today's market, there are only a few artists who are destined for super stardom, born to perform and gifted with the voice. Jake Kellen is one of those few. A mere 15 seconds into the first song on Jake's new CD, 'Running All The Red Lights', it's obvious that this singer/songwriter stands out above the rest. Combine an equal ability to sing, as well as write songs, and you have a force to be reckoned with!

Jake currently tours the "Texas Country" circuit, delivering an electrifying live performance of original modern country music with the soul of a traditional troubadour.

Supported by an ever growing fan base and several top 40 regional hits, it won't be long before Jake Kellen makes his surge to the top of the country music scene, inside and outside the borders of the Lone Star State.
